NARRATIVE
Unit #1 was westbound on E Summit St. Unit #2 was northbound on STHY 43 in the outside lane of travel. The units collided in the intersection. Witness statements as well as driver statements from the units involved are conflicting on which unit had the red light. Due to the conflicting statements I am unable to determine fault.

I had a green light which had turned yellow as I crossed the intersection line to cross the road. I had continued until I saw a SUV going very fast and hit my breasts as hard as I could so I would try not to hit her. after the collision I pulled to the side and ran to the other car.

I was driving on Water street going North toward downtown. I was in the right lane approaching the intersection of Water & Summit. There were cars going south on water, but only me going north. I was going either 30 or 35 miles an hour. Suddenly I was hit in the passenger side, rear panel (about over the rear tire) and began to tumble, landing on the driver's side. I believe I had a green light. There were no cars in front of me in the right lane.

Q. DID YOU SEE YOUR GREEN LIGHT? Yes YKS
