As I was in line to get gas, a white Jayco RV/Camper was leaving the gas station. While trying to exit the RV/camper side swipped the drivers rear end of the black Jeep in front of me. It looked like the RV was just getting in a better position in the parking lot, but then I noticed he turned left out of the gas station and I realized it was a hit & run. I immediately got out of my vehicle and began to pursue the RV on foot. The driver of the RV had his windows down and I shouted to him: "May you just hit that car!" After that he sped off as fast as he could down Rt. 43 South.

The driver of the RV was white, late 50's early 60's, Shaggy gray hair like mop, Chubby face, male.

I was waiting in line to get gas when a trailer SUV drove past me. Once he got super close I realized he was going to hit me. He hit my drivers side mirror, then scrapped the side of my car. Once he hit me I got out to try and get the license plate number, but could not locate it on the back of his car. I watched him pull out, people were honking and trying to get him. One of the Sheetz employees told me he could pull the footage, so I pulled over and called my dad. Once he came we called the police. A witness came up and said he went after the guy but could not get his license number in time. Once the officer came, she confirmed that they found the guy.
